
Bermuda Aquarium Colouring Book

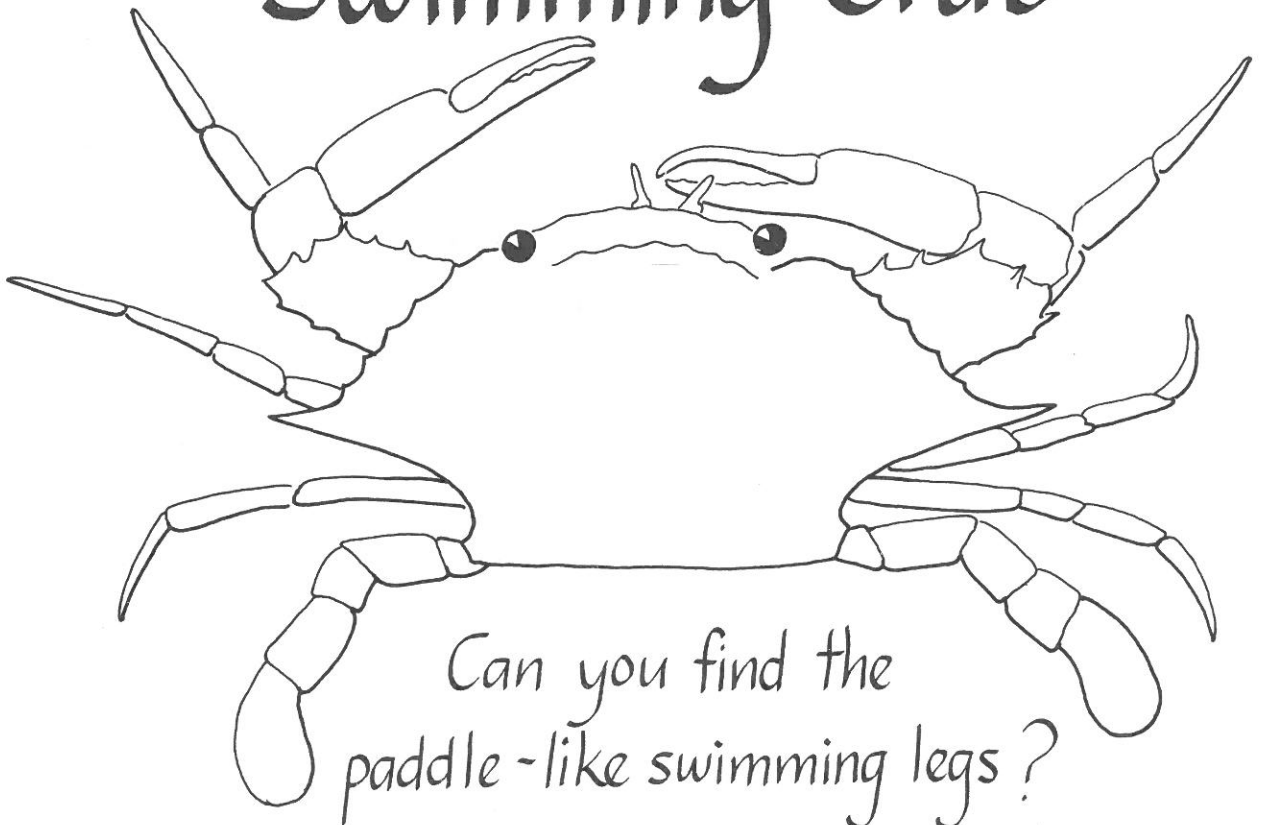

The Bermuda Zoological Society

Hermit Crab

This Hermit crab
has an old Triton shell as its home.

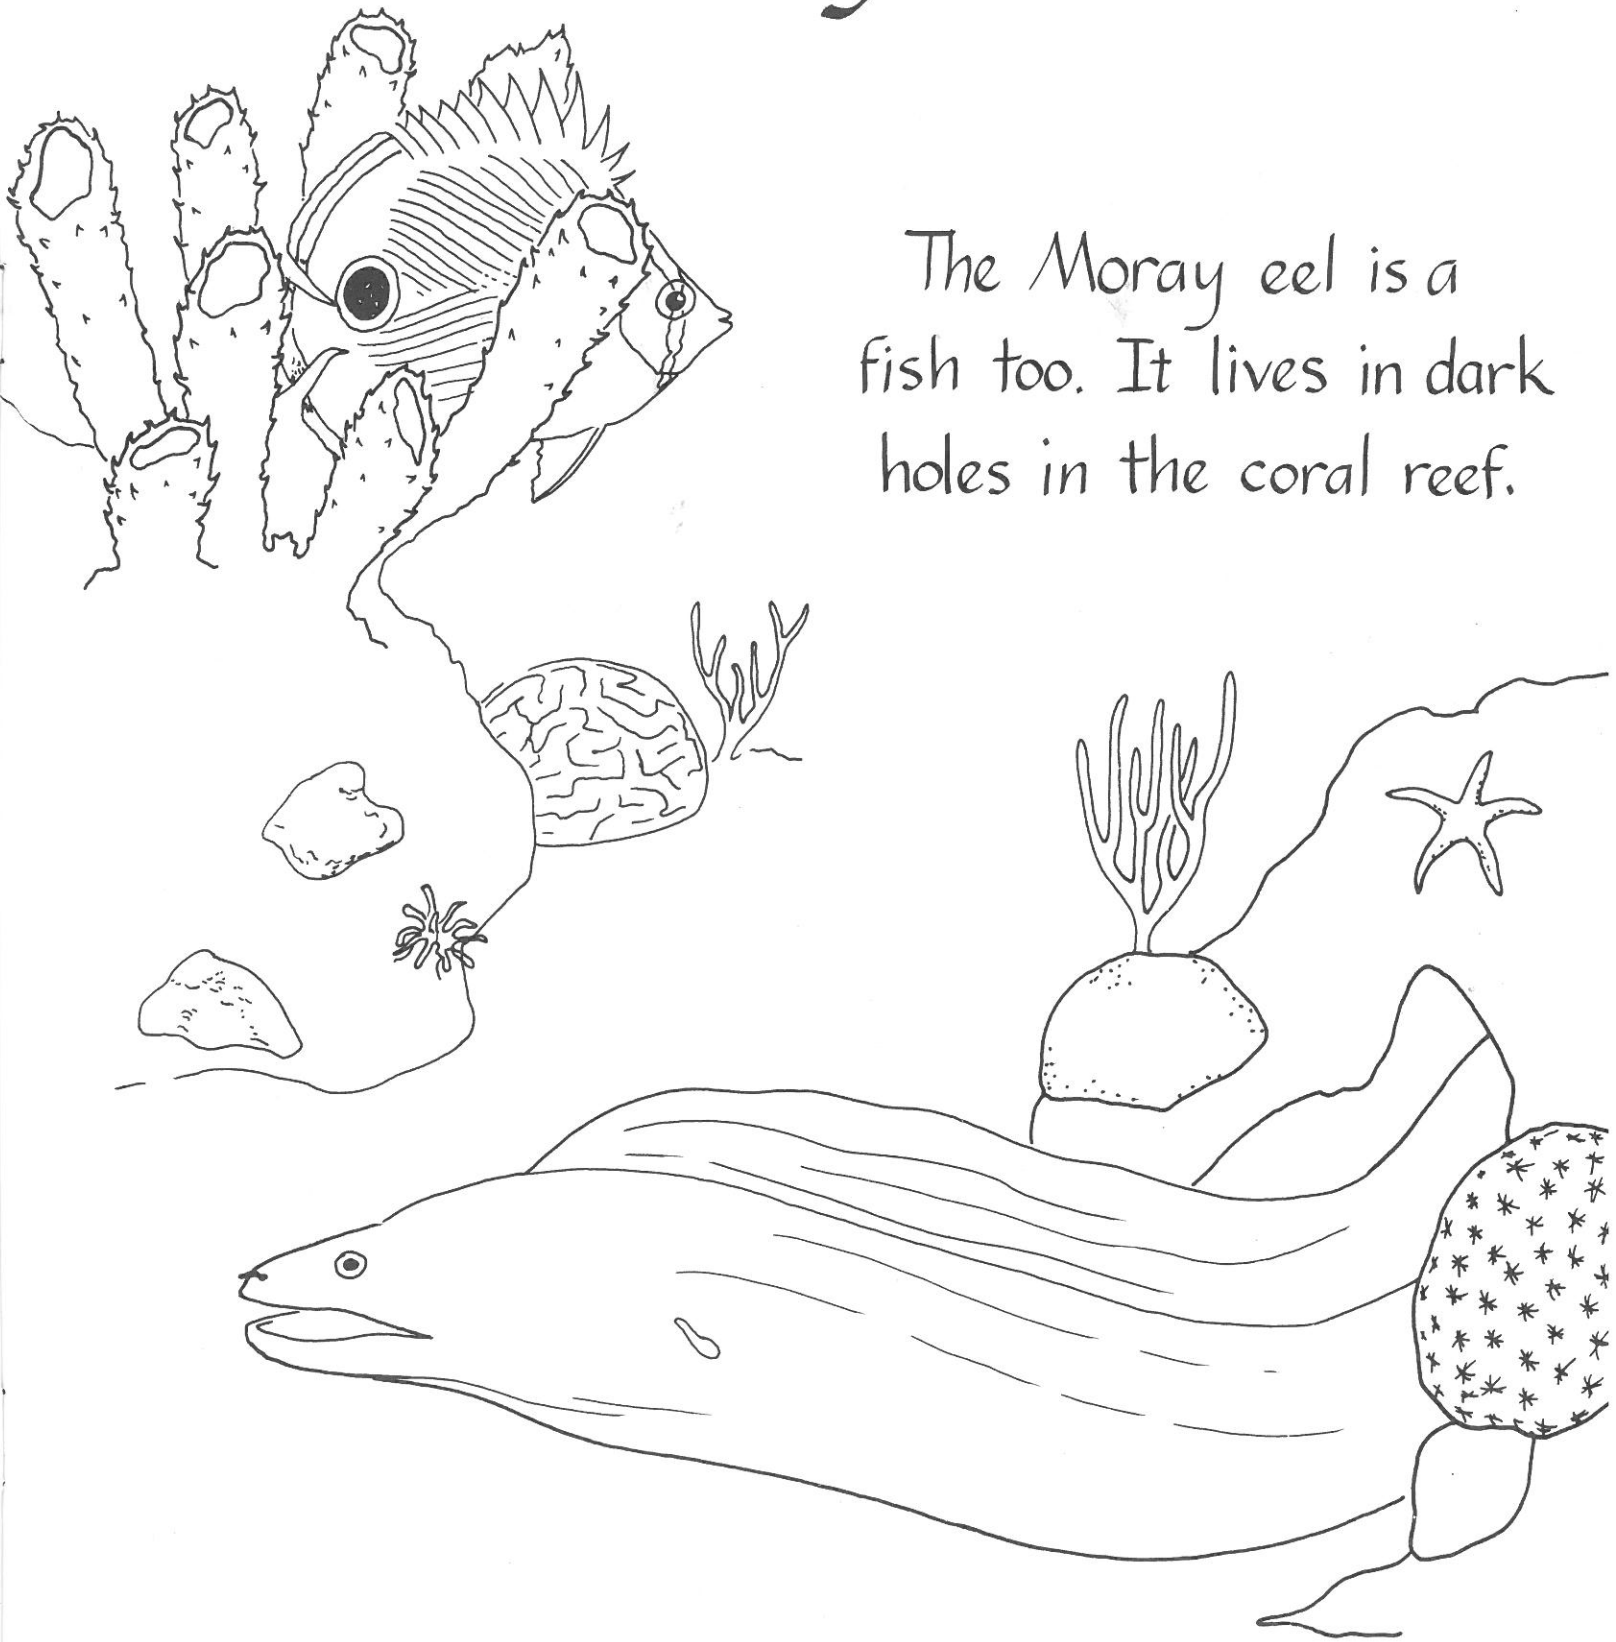

Swimming Crab

Can you find the
paddle-like swimming legs?

Moray Eel

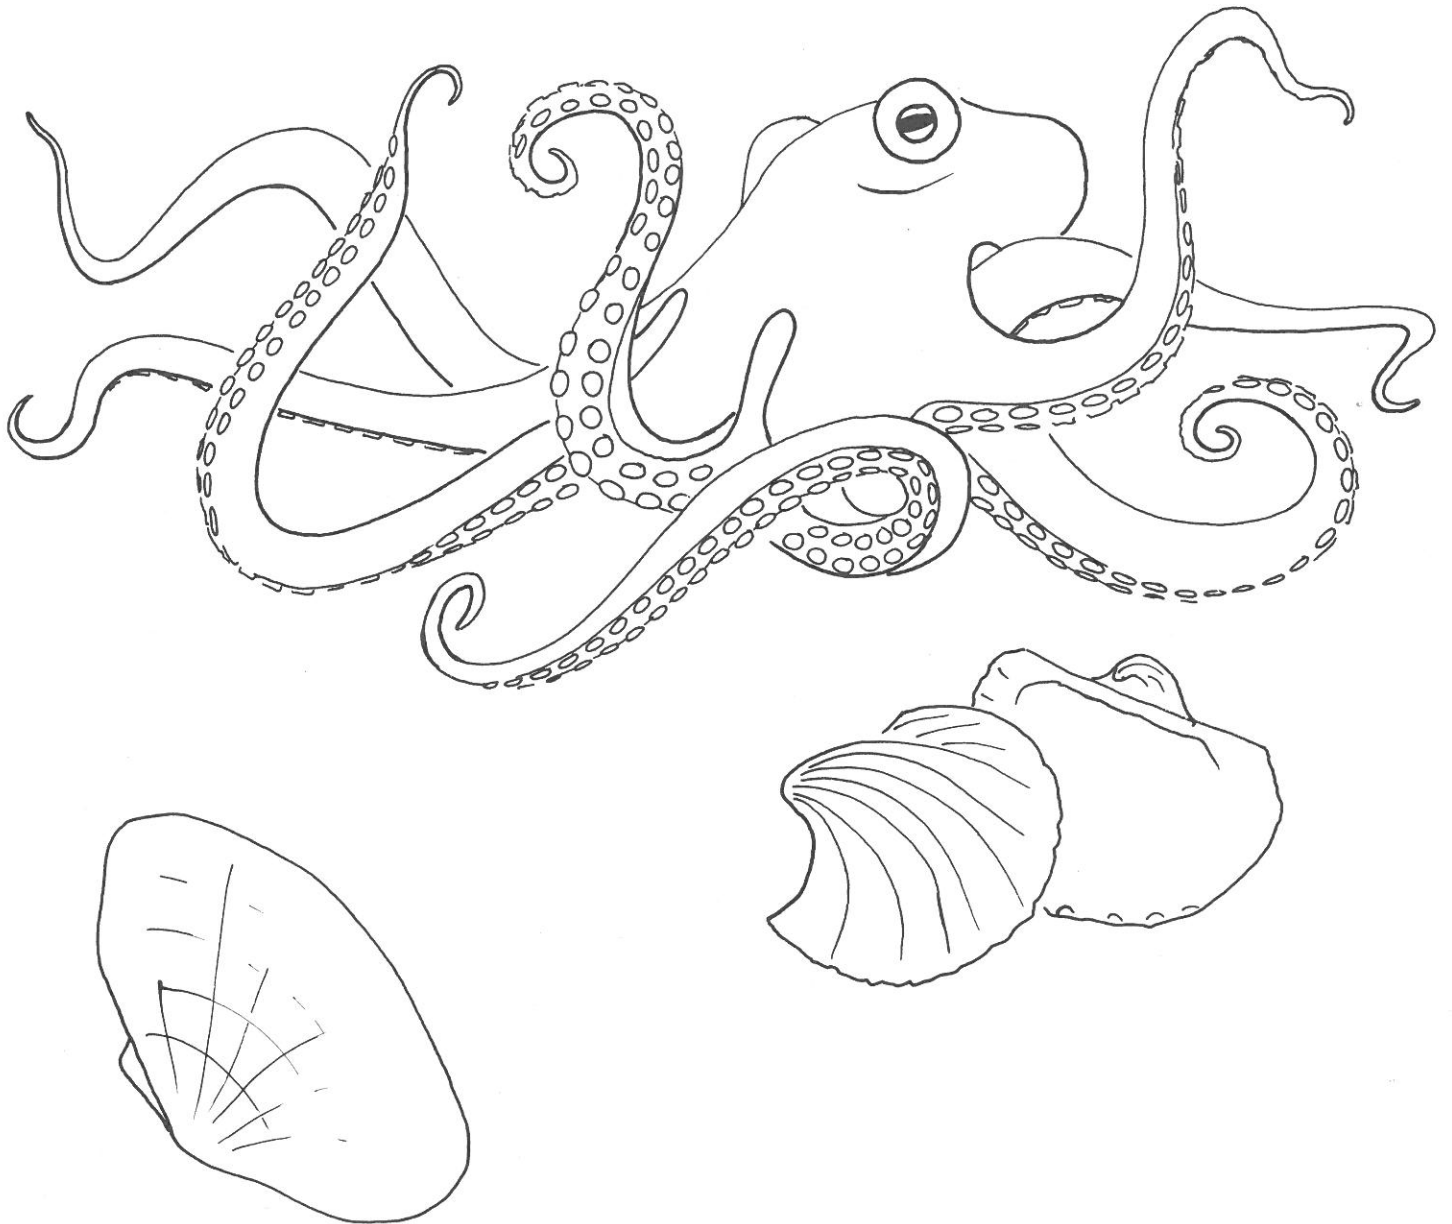

The Moray eel is a fish too. It lives in dark holes in the coral reef.

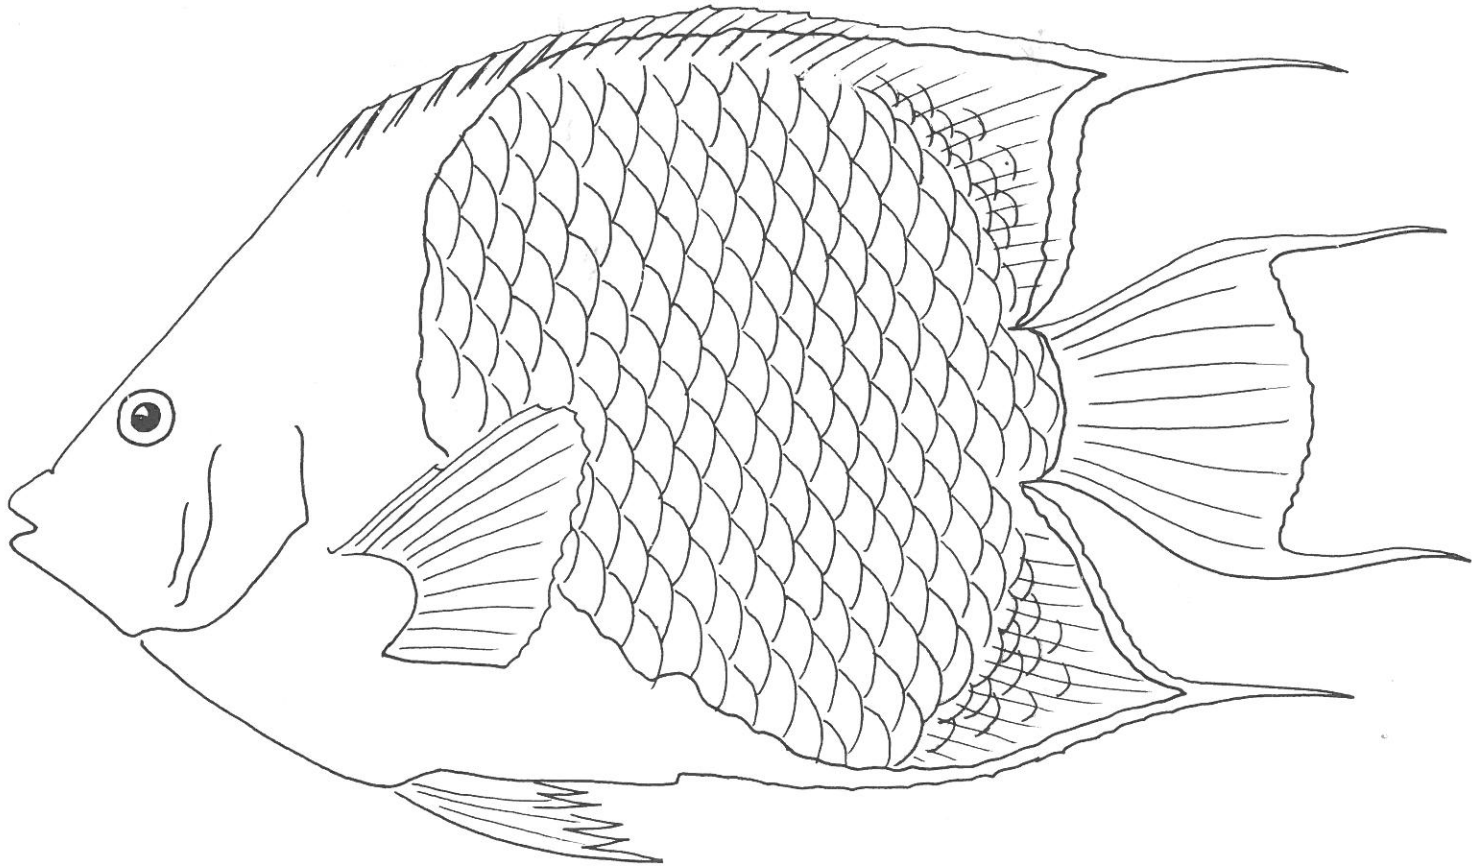

Can you see the four-eyed Butterfly fish ?

The Octopus

The Octopus is a very shy creature.
It changes color to match its surroundings.

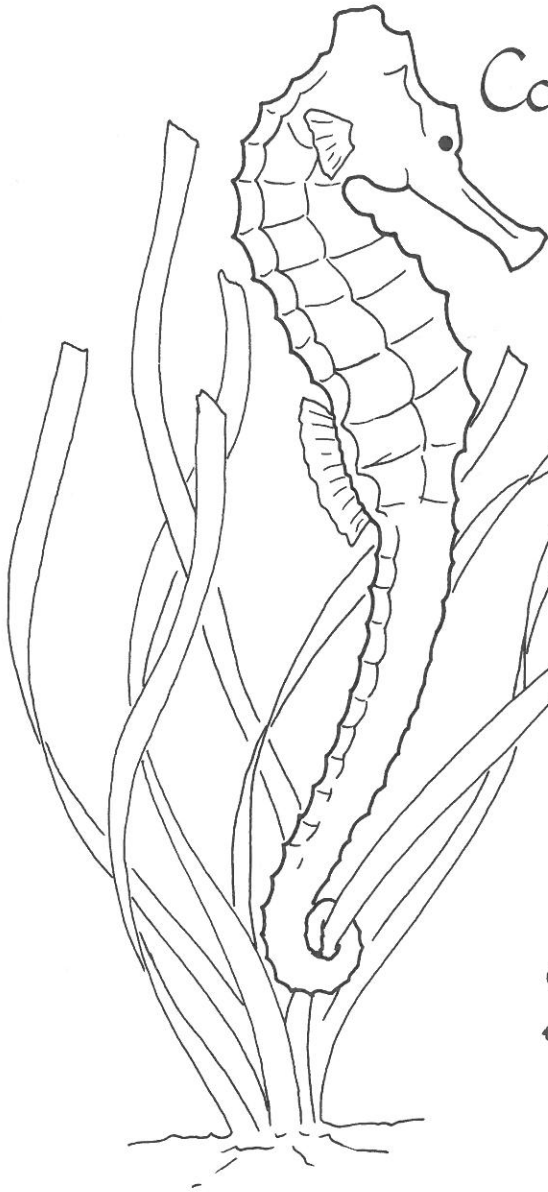

Rock Beauty

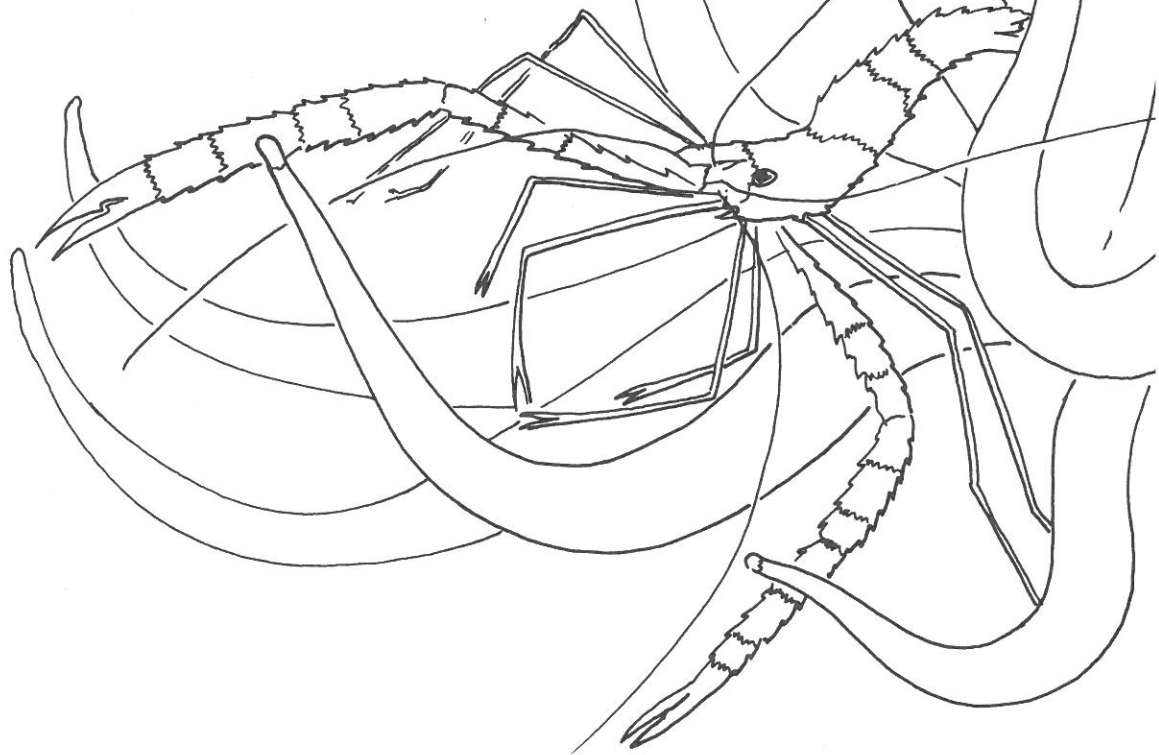

This is a type of angelfish. Color the scaled area black and the rest golden orange. Now you can see what it looks like.

Sea Horse

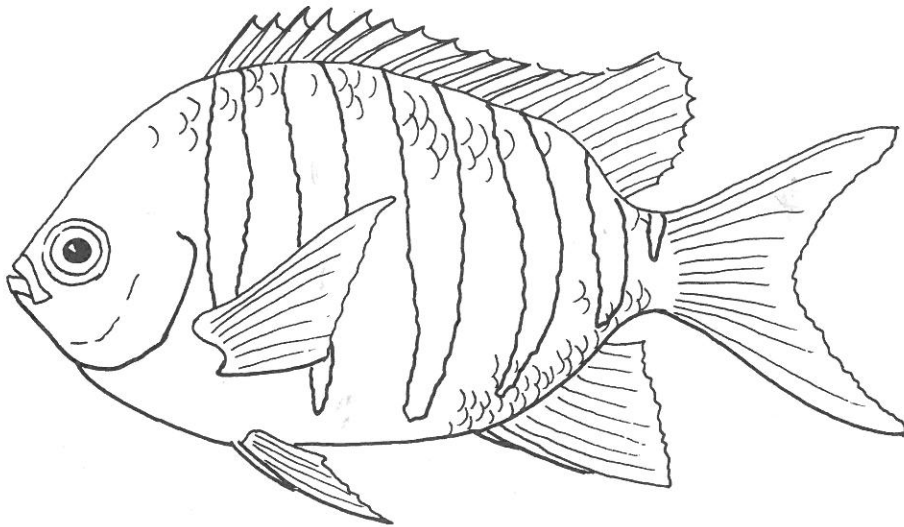

Color the seahorse yellow-orange
and the shrimp red
and white stripes.

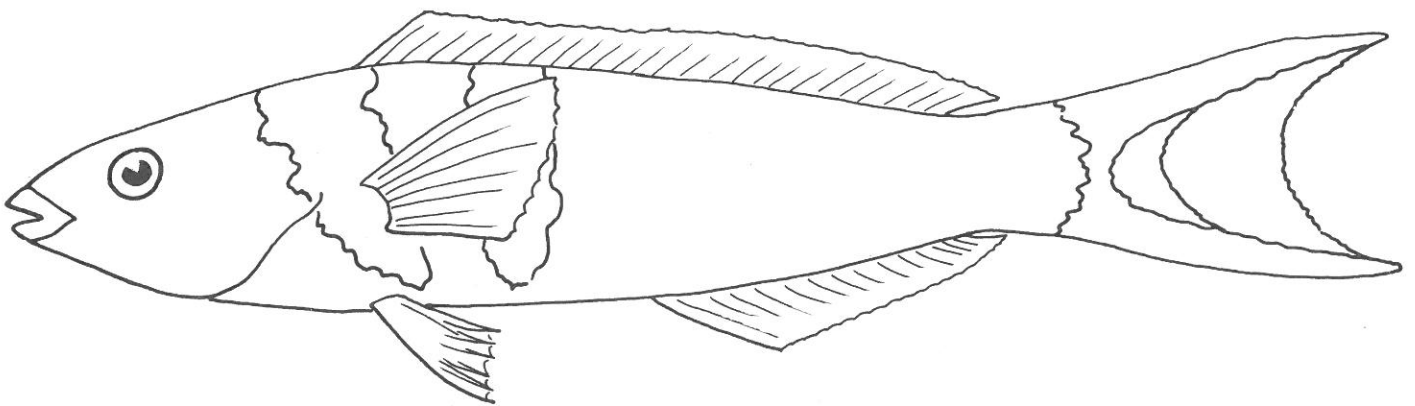

Cleaning Shrimp

Sergeant Major

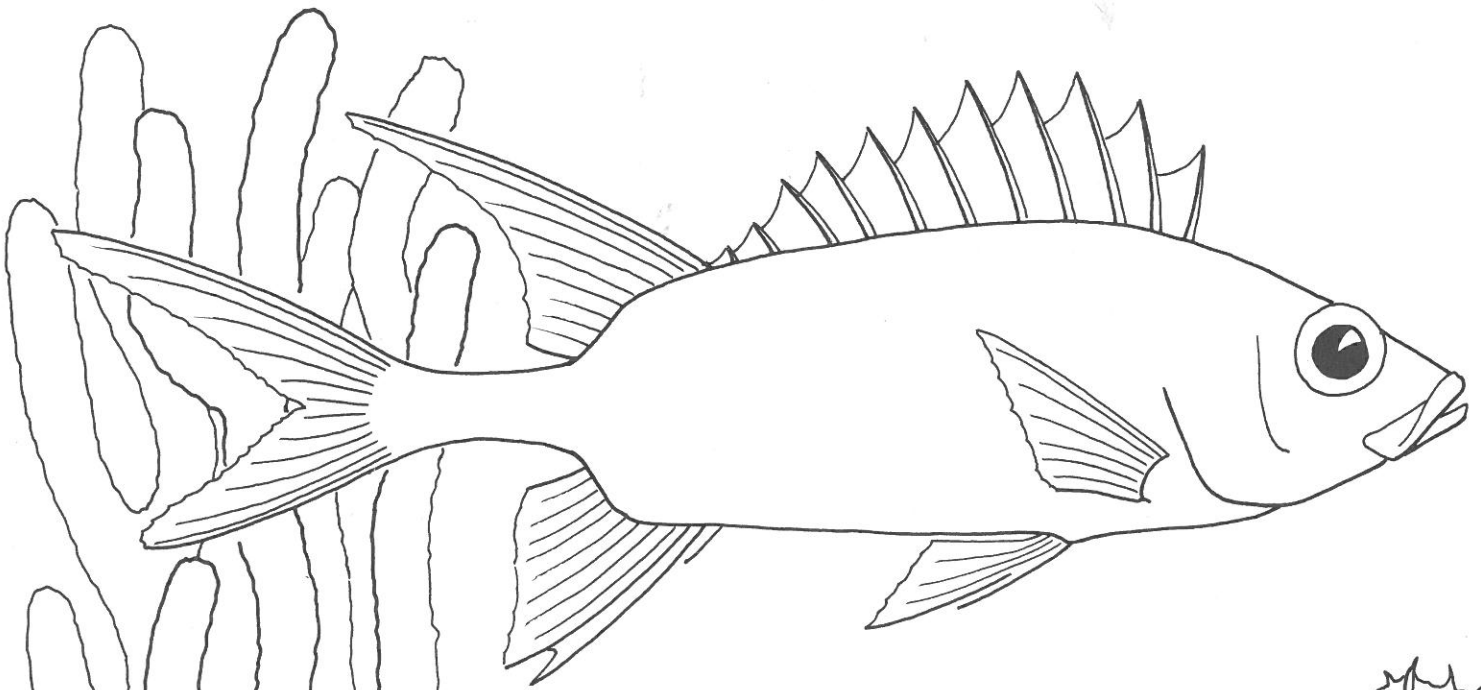

Blue-Headed Wrasse

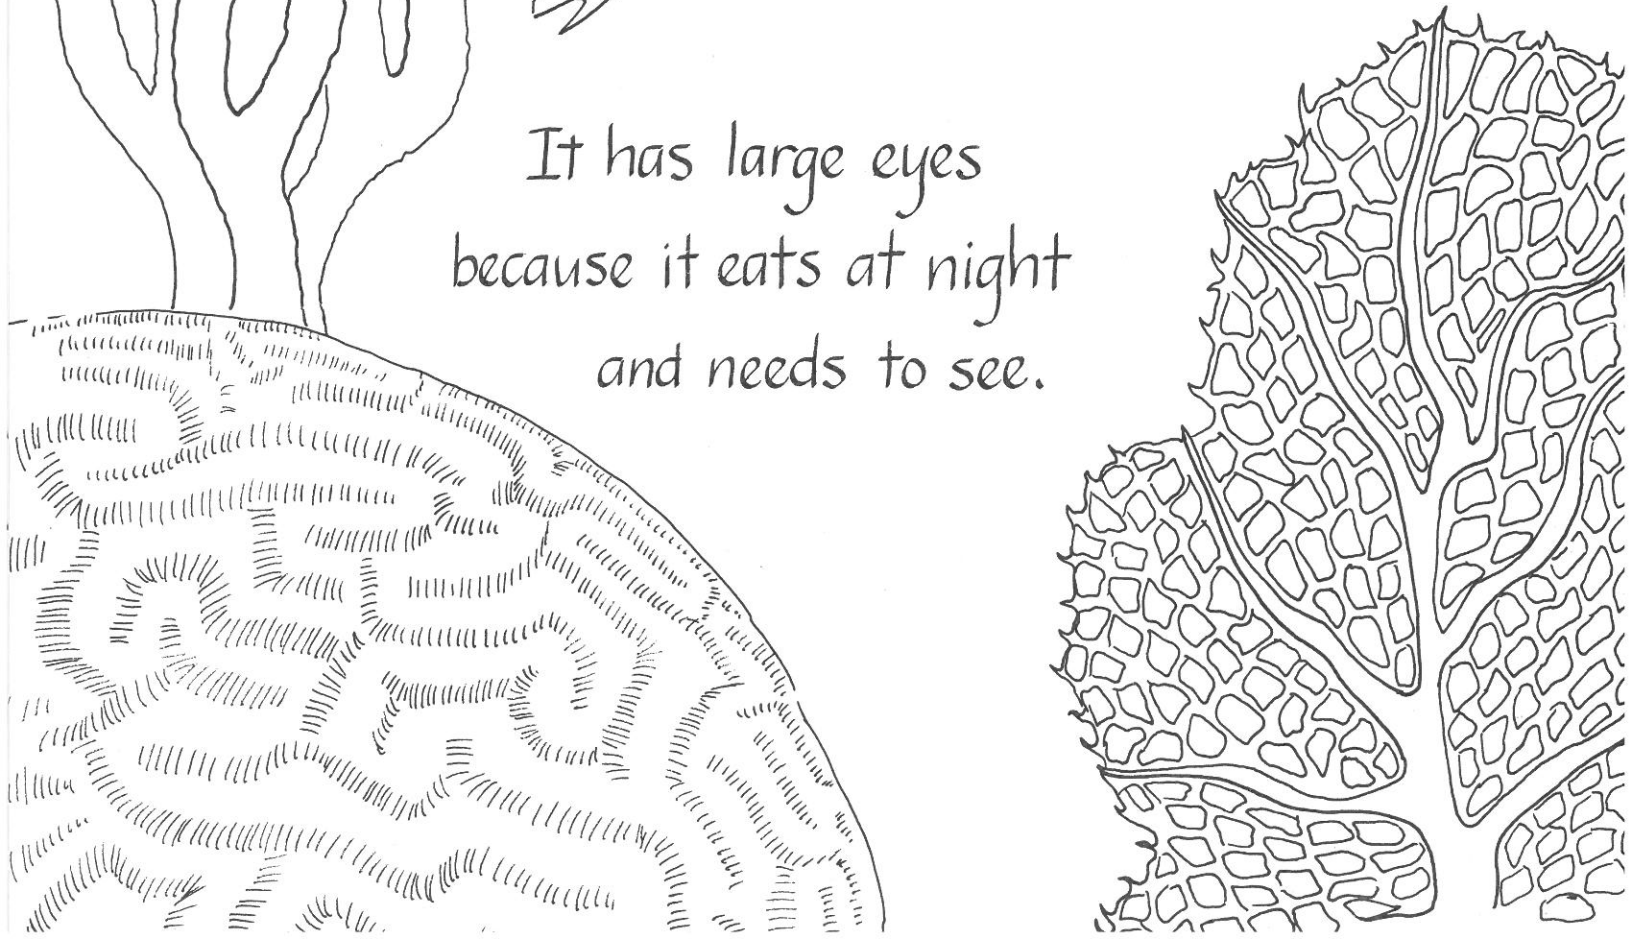

These small fish live on the coral reef.
Color their markings carefully

Squirrelfish

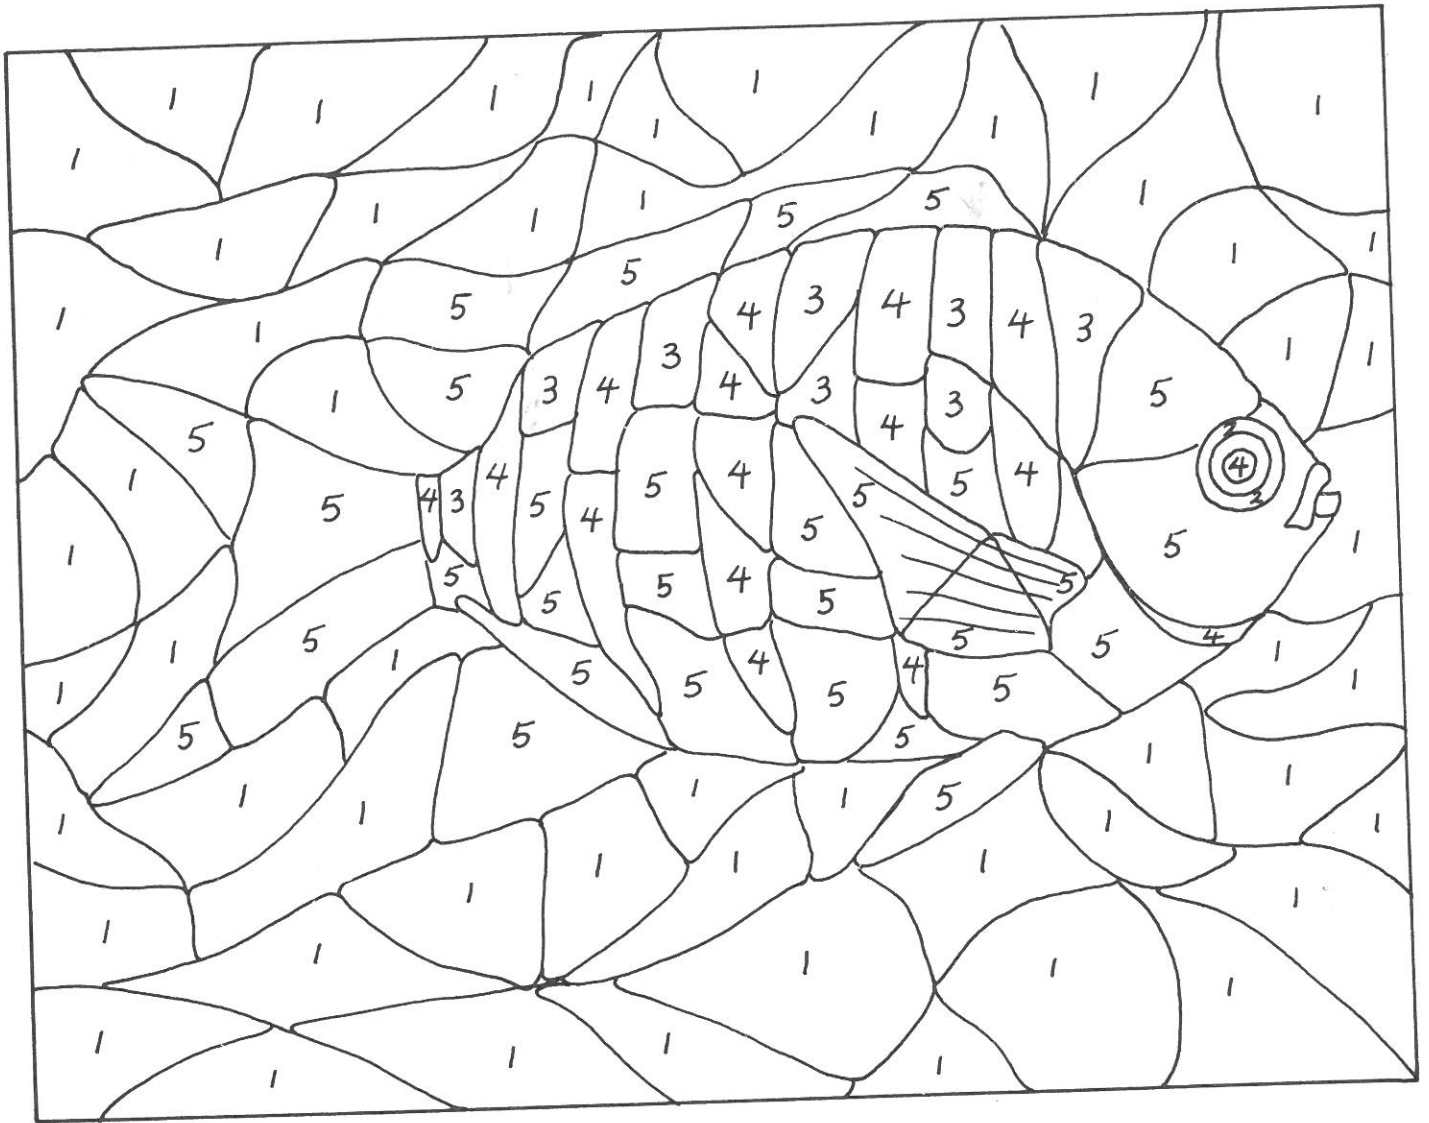

The squirrelfish is very common in Bermuda.

It has large eyes
because it eats at night
and needs to see.

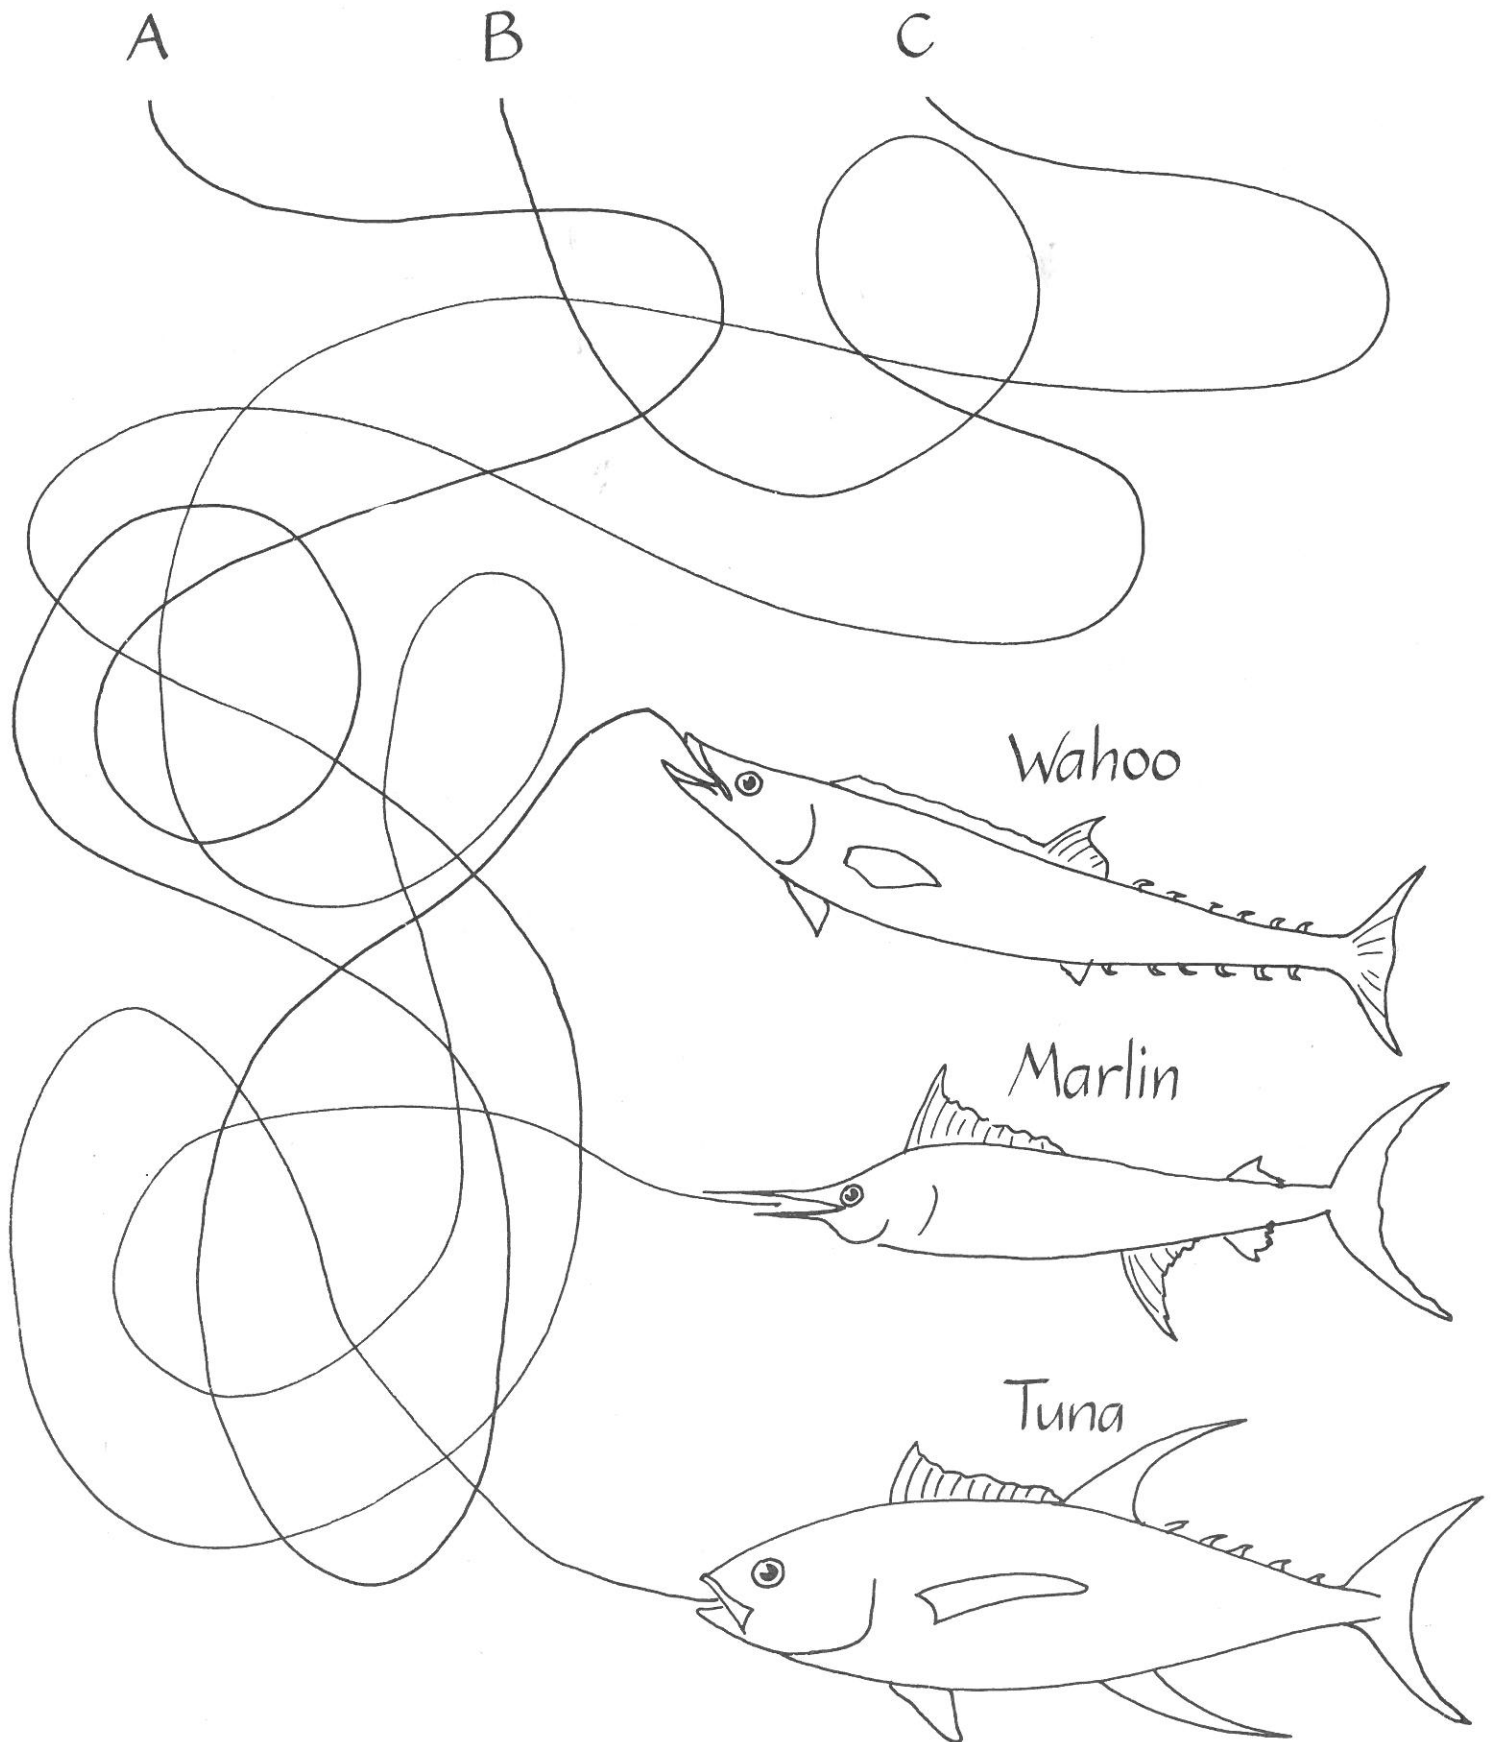

What fish is this? Color it to find out.

1. Blue
2. Brown
3. Yellow
4. Black
5. Grey

Who caught which fish ?

Illustrations by Kris Jensen

Yellow Grunts

These fish travel in a group called a school.
